Ocho Rios, Jamaica

Ocho Rios, located on Jamaica's northern coast, is one of the fastest growing towns in the Caribbean with a population of approximately 100,000 inhabitants. Ocho Rios was once a quiet fishing village, but in the last twenty five years, the town has expanded to be a world class tourist destination, frequented by many cruise ships. But despite the modern developments, Ocho Rios has retained its small fishing village atmosphere.

Translated in Spanish, the name Ocho Rios means "eight rivers". However, in reality there aren't eight rivers in town. The confusion began in 1657, when the English fought off a Spanish expeditionary force on a raid from nearby Cuba. The battle took place near Dunn's River Falls. The Spanish called the site "las chorreras", meaning river rapids. The English misunderstood the Spanish reference and the English interpretation became Ocho Rios, which sounded close enough. Historically, Ocho Rios never acquired any prominent role to either the English or the Spanish. It was, however, utilized by pirates who, along with Port Royal, regarded it as a perfect base of operations.

Shore Excursions

We have exciting tours for Grand Cayman. Sign-up at the Shore Excursions Desk on Deck 5 early to avoid disappointment.

Browse their souvenir shop and neighboring Rum Cake Factory before your drive to "Hell" and on to the Cayman Island Yacht Club for your boat ride to Stingray City Sandbar. Interact and swim with one of the Caribbean's most graceful creatures, the Southern Stingray.

Best of Cayman

Narrated drive along the coast road before arriving at the famous Pedro's Castle. Tour the castle, grounds and animated show. Tour continues to the Botanical Gardens to view some of Cayman's exotic plants and indigenous species of wild life. Health Advisory

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after rest room breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the U.S. Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold.

Airport Transfer

Guests wishing to purchase transfers to the Miami or Fort Lauderdale Airports are kindly asked to visit the Guest Relations Desk, Deck 5 Midship by **12 Noon on Wednesday**.
