## Information

### Gratuity

The deadline for making adjustments to your onboard gratuities is on **Tuesday, November 16th at 6:00pm.**

### Health Advisory

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after rest room breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the U.S. Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold.

### Deck Loungers

We should like to request that guests do not reserve deck chairs. These are on a first come, first serve basis so as to not inconvenience fellow guests. If you leave and anticipate returning in a short while, you can leave your personal belongings on or near the chair. However, if your time away from the chair exceeds a reasonable time, for your own protection the Pool Butler will gather your belongings and store them for you in a safe place until such time as you return.
