

DAY 3 Monday, May 9, 2011

EXPERIENCE THE NAUTICAL CHARM OF KING'S WHARF, BERMUDA.

As we sail into King's Wharf in Bermuda, you'll instantly get a feel for its rich maritime heritage. Once part of the Royal Navy Dockyard, King's Wharf provides easy access to the shops and attractions of the Dockyard area. The former navy warehouses, Maritime Museum and military fortress give the whole area a unique nautical charm. Not to mention the Bermuda Tattoo that performs regularly in the yard.

Beyond King's Wharf is Bermuda's historic capital, blending British and islander influences. Hamilton's Front Street is where the action is—boutiques, restaurants and even a colorful parade. On Church Street, you can admire the Georgian-style Sessions House built in 1815. Though the best harbor views can be seen from Fort Hamilton. Bermuda's natural surroundings are just as picturesque. The pink sand beaches along the South Shore are famous worldwide. The East End is great for exploring its caves and swimming in the underground lagoons. Also popular here are big game fishing, snorkeling after-dark, and kayaking through the Paradise Lakes.

HELPFUL HEALTH INFORMATION

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as a Norovirus that can be transferred easily through person-to-person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Center for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a complimentary consultation and treatment if necessary.
