We ask for your assistance in following the advice of medical experts who tell us that some of the best ways to help prevent flu and other illnesses is to:

- Wash your hands thoroughly with soap and hot water – often.
- Cover your mouth and nose with a tissue when you cough or sneeze, and then put your used tissue in the waste basket.
- If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.

Should you experience any flu-like symptoms, please contact our Medical Facility by phone from your stateroom, and our Medical staff will visit your stateroom for a complimentary consultation. Like you, we take all health matters seriously. We hope this information is helpful.
