Celebrity Cashless System

For your convenience, a "cashless" system has been established onboard, so cash is not used anywhere except in the Casino. Your SeaPass card, which was validated when you embarked, can be used throughout the ship for any purchases or services you may desire during your cruise; please be aware that your account cannot be used to secure cash.

Your SeaPass card also identifies you when entering and exiting the ship. **Please remember to always take it with you as well as a photo ID.**

Guests may view their onboard SeaPass Account on the Interactive TV. Press Menu and follow the instructions. A final itemized statement will be presented on the day of disembarkation. If you misplace your SeaPass card please report the loss immediately to the Guest Relations Desk on Plaza Deck 5 Midship. If you wish to restrict your child's ability to make purchases or de-activate their card please see the Guest Relations Desk.

If you are a Captain's Club member and your tier level is not printed on the bottom of your SeaPass Card, or if you have any other membership questions, please visit the Captain's Club Host Sueli, during her Desk Hours in the Grand Foyer, Deck 5 Midship.

For Your Information

Baggage

We will be loading nearly 5,000 pieces of luggage onto the ship. Therefore, it may take a little extra time for your luggage to arrive to your stateroom. We appreciate your patience and understanding.

Baggage is being distributed and will be placed outside your stateroom door. You need not wait to accept delivery. Guests missing baggage should contact the Concierge Desk or Guest Relations Desk in the Grand Foyer, Deck 5.

Please Be Careful

Of necessity, the doorway thresholds in your stateroom, bathroom, public rooms, and in some outside areas are raised. Please use extreme care when proceeding through these areas, especially in the event of adverse weather. Please avoid walking barefoot on decks and throughout the ship. Take extra care when going to the bathroom during the night. Please keep your fingers away from door frames, as doors might close suddenly and with some force; this is especially possible in adverse weather. Elderly guests and those cruising with children should pay particular attention to this point, and should so instruct your children. Please use handrails on stairways and in corridors, especially in adverse weather. Always keep to the right-hand side of stairways. For further safety tips, please see your *Directory of Services*.

Public Health

In the interest of public health, we regret that children with diapers and those under 3 years of age are not permitted in the swimming pools or spas under any circumstances. Thank you for your strict cooperation.

Misuse of Drugs Act 1972

All persons entering each port are warned that it is a CRIMINAL OFFENSE to import or have possession of narcotics and other controlled drugs, including marijuana. Penalties for drug offenders are severe. Guests with prescribed controlled drugs must declare them to Customs.

Needle Disposal Policy

Please do not dispose of new or used needles or syringes in your Stateroom trash container. Contact your Stateroom Attendant or the ship's Hospital for an appropriate disposal container and further instructions.

Ship's Electrical Current

The voltage in your stateroom matches both the U.S. standard (110 volts AC; flat prongs) and the European standard (220 volts AC; round prongs). Stateroom outlets can accommodate appliances up to 1500 watts. Bathroom outlets are equipped to handle shavers only. Please DO NOT use an iron in your stateroom. Celebrity Cruises does not accept any responsibility for damage to appliances caused by misuse. If you are unsure whether your appliance is compatible with the electric current, please consult Guest Relations, located on Plaza Deck 5, ext. 7687.

Plumbing System

Out of consideration for your fellow guests and to ensure an enjoyable cruise for all, we strongly request that all guests refrain from disposing of anything other than toilet tissue in the toilets throughout the vessel (staterooms and public rooms). By adhering to this request we are able to avoid serious problems and/or blockages to the plumbing system, which will cause discomfort and inconvenience to all guests. Appropriate waste receptacles are located in all staterooms and throughout the ship, which we request you use.

With your cooperation, Celebrity Cruises can fulfill its commitment to the environment, protecting the oceans and enabling us to dispose of waste material in a proper manner.

Medical Facility

The Medical Facility located on Deck 4 forward and is open daily from 9:00am to 12 Noon and 5:00pm to 8:00pm. One of our doctors and a nurse are on call for emergencies at all times. For emergencies, please call Room Service at ext. 7600 or press the "Emergency" button on your telephone. Limited medical services are available and are subject to charge based upon posted U.S. Medicare rates.

Life-Jackets

Life-jackets must not be removed from your Stateroom except for the practice emergency and lifeboat drill, or in the event of an actual emergency.

AquaSpa Service Charge

A 10% service charge will be added to your account for all AquaSpa services.

Safety First

In the unlikely event of an emergency, guests should know the location of life-jackets in the stateroom. A notice on the back of your stateroom door and information in your Directory of Services provide the Muster Station and other pertinent safety and emergency information.

Children between the ages of 3 and 12 are required, for the length of the voyage, to wear colored wristbands that indicate their Assembly Stations. You are responsible for ensuring that your children wear these wristbands. Parents are requested to put on your lifejacket and proceed directly to your muster station and await the arrival of your children.

The Youth Staff will bring your children to you if your children are enrolled in the Celebrity Youth Program at that time. If they are not in the Youth Program, the wristband system will allow our fully trained Celebrity family members to direct any unattended children to their assigned muster stations. You will then be guided from your muster station to the lifeboats during an actual emergency.

USPH Advisory

The United States Public Health department (USPH) has issued an advisory concerning the consumption of raw or partially cooked meats. For your safety we want you to be aware of this advisory that states: "Consumers who order raw or partially cooked ready-to-eat foods of animal origin are informed that the food is not cooked sufficiently to ensure its safety."

Casino Chips

Take up to \$2000 in chips per day on your "SeaPass" card for gaming purposes only. Ask any of our friendly Casino Staff for details.

Bar and Wine Service

A 15% service charge is automatically added to each bar bill.

Stateroom Private Bar

For your convenience a fully stocked private bar is located in your stateroom. Your Stateroom Attendant will replenish the private bar every day and the consumed items will be charged to your SeaPass account. If you have children please notify your Stateroom Attendant, as the private bar contains miniature bottles of alcohol.
