### H1N1 FLU UPDATE

We ask for your assistance in following the advice of medical experts who tell us that some of the best ways to help prevent flu and other illnesses is to:

- 1) Wash your hands thoroughly with soap and hot water – often.
- 2) Cover your mouth and nose with a tissue when you cough or sneeze, and then put your used tissue in the waste basket.
- 3) If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.

Should you experience any flu-like symptoms, please contact our Medical Facility by phone from your stateroom, and our Medical staff will visit your stateroom for a complementary consultation.

Like you, we take all health matters seriously. We hope this information is helpful.

## BROADCAST TELEVISION

Royal Caribbean International is proud to offer licensed satellite TV & sports programming available in international waters including: CNN International, BBC World, ESPN International, TCM, Cartoon Network, and Bloomberg TV. Domestic broadcast feeds can only be legally broadcast in port or within 12 miles of coastline. Brief moments of satellite signal loss can be expected at anytime – an inevitable consequence on a moving ship. In addition, some major sporting events may not be available to cruise ships due to blackout and legal broadcast rights restrictions from the European sports leagues. We hope you enjoy the widest variety of stateroom television entertainment available at sea!
