

# More restaurants than days in the week.

No other cruise line offers up to 11 restaurants and dining rooms on board a single ship. Heck, no other cruise line even comes close. Steak, sushi, Teppanyaki, tapas, French, Mediterranean, Italian, Asian Fusion, buffets, pizza ... even 24-hour room service so you can dine à la pajamas, if you'd like.

### Dine where you want.

With up to 14 dining options you'll find what you're in the mood for. We apologize for the "What do you feel like for dinner?" conversation ahead of time. If you just can't decide, there's always 24-hour room service.

### Dine with whomever you want.

Not everyone wants to eat dinner with people they don't know. We say you're welcome to enjoy dinner with the people you came on vacation with. Or if you'd like to meet new people, we'll gladly sit you with other cruisers.

### Dine when you want.

Our restaurants are open for dinner from 5:30 pm to midnight with seating until 10:30 pm. Do your thing and catch dinner when you're hungry, not when the dinner bell rings.

### Wear what you want to dinner.

Far be it from us to make you wear a tux or a tiara. Our ships are all resort casual. Dress up if you like or be relaxed with khakis and a golf shirt, or a simple sundress.

## Freestyle Dining & Restaurant Options:

### French Gourmet

All NCL ships offer our signature French Bistro. It's romantic and delicious, so you get the best of both worlds.

### Italian

Find the red-checked tablecloths or the tables that look like we took them from a Tuscan farmhouse and sit down for Italian as good as it gets.

### Steakhouse

What's for dinner? Try premium cuts of certified Black Angus™ beef. There's also chicken, fish and all the side dishes on the menu if you read past the "Steaks" section.

### Spanish/Tex-Mex

Everyone likes Spanish tapas and Tex-Mex so we thought it was nice to have them on our ships. The sangria will surely make you smile too.

### Asian Fusion

The Asian-inspired restaurants on board have a bit of a split personality. Some are really two restaurants in one with a sit-down Thai/Chinese/Japanese menu and a sushi/sashimi bar.

### Teppanyaki

"Teppan" means "iron plate" and "yaki" means "grill." But all you need to know is "yum." It's a great meal cleverly disguised as a sizzling show. And you've got front row seats.

### Casual Dining

No matter when you get hungry for some comfort food, we have at least one casual restaurant aboard each ship open around the clock. You'll find menus with things like burgers and fries, chicken fingers, fried rice, pizza, fish and chips and more.

### Two Main Dining Rooms

Each of our ships has two main dining rooms with five-course dining, rotating menus and the décor, service and refined tastes of classic cruising.

### Buffet

We've really taken the cruise ship buffet to a new level. Most of ours are indoor and out and have action stations where NCL chefs cook fresh, prepared-to-order seafood, pasta, omelettes, carved meat and other specialties - served day and night. Some of our ships even have a kid-sized buffet with kid-sized tables and chairs.

### 24-Hour Room Service

Like the view from your balcony at sunset or want breakfast in bed? You're a phone call away, 24 hours a day.

Note: Up to 14 dining options per ship. Up to five of these are special dining experiences with a cover charge or à la carte pricing.
