- **H1N1 Flu Update** - We ask for your assistance in following the advice of medical experts who tell us that some of the best ways to help prevent flu and other illnesses is to wash your hands thoroughly with soap and hot water - often. Cover your mouth and nose with a tissue when you cough or sneeze, and then put your used tissue in the waste basket. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands. Should you experience any flu-like symptoms or fever, please contact our Medical Facility by phone from your stateroom and our Medical staff will visit you in your stateroom for a consultation. ONBOARD VACUUM SYSTEM

It is very important that items such as cotton pads, moistened wipes, excessive amounts of toilet paper and female sanitary items are not discarded into the ship's toilet system. Such actions will damage your stateroom toilet and your neighbor's as well and could cause your toilet to backup.
