Important Reminders

In order to ensure maximum satisfaction with your internet transactions, please be sure to familiarize yourself with these helpful tips.

You must log off properly. Go to the log-off page to log off and stop charges to your account.

- **Guests are responsible for internet charges, if not logged off properly.**
- **Charges will continue while online and the use of internet is at your own discretion.**
- **No refunds for slow connections or disconnections.**
- **If your page or any page you are trying to open takes longer than 30 seconds to load/open, please log off immediately and try again at a later time.**
- **Simply closing your web browser or turning off your machine, does not stop the minutes from running and may result in additional charges.**
- **If you wish to share an internet package, the same SeaPass card must be used.**
- **Unused minutes are not refundable.** If you exceeded the package minutes during an internet session, the additional minutes will be charged at the **package rate** until that session is logged off. The choice of purchasing another package, or the 'per minute rate' will be presented the **next time** you log on.
- **Internet Access** will terminate at 7:00am on Debarkation Day. Any unused package minutes are **non-refundable**.
- If you are sailing on **consecutive voyages**, you **must** purchase a **separate package** for each voyage.
- **Connection speed** onboard is not as fast as the connection you have at home. **Intermittent satellite connection** may be experienced occasionally depending on the ship's location, military interference or weather conditions.
- For **questions** regarding your internet charges or access please contact us within **24 hours** of the event concerned.
- Celebrity Cruiseline **only** provides internet and **cannot** guarantee access to all websites. Some **banking, financial, government** sites, corporate **VPN's**, **Outlook/Mail** and **VOIP** applications (i.e. Skype, Magic Jack) are **NOT supported**.
- Guests must have a current web-based email account. **No shipboard email accounts exist/provided.**
